UN DANGER FUBLIC

Depuis que le vent soulève les terres du quai, il doit bien y avoir un pied de terrassement emporté de cô'é et d'autre, dans les rues, dans les maisons, sur les toits, sur les habits et dans les poumons des passants.

Ces terres prises sur l'emplacement d'anciennes catacombes à Chatby ne sont autres que la cendre de millions de cadavres et momies entassés là par d'innombrables générations.

Or, d'après une découverte récente et sensationnelle, la tuberculosa qui ravaga actuellement l'Europe et l'Amérique est attribuée par des savants au maniement des momies égyptiennes.

Dans de telles conditions, n'y a-t-il pas lieu de s'inquiéter et de rechercher si la tuberculose qui fait de si rapides progrès à Alexandrie depuis que ques années, n'est pas due aux terrassements du quai, aux fouilles récentes et surtout à la dispersion par le vent sur toute la ville de cette terre suspecte ? Une mesure d'argence qui ne coûterait presque rien consisterait en un abondant arrossge une fois par semaine au moins des terrains du quai pour immobiliser cette poussière dangereuse.

PURIFICATION OF ALEXANDRIA

THE PARTY OF THE "ROYPHAN GARPETE" Sir, -In reference to "J. P.'s" letter I beg om he advocates, and we are co ading back the young women. In fact two men are employed at Alexandria who board every boat arriving here for the very purpose. This system has been at work for the last two years, although your correspondest ap-pears to be quite ignorant of the fact. As to the personal remiarks on my homble self, which your Cairo Correspondent indulges in, I herewith submit the following aketch of way life and labours:

my life and labours:—
About 26 years ago the Presbyterians out here who had already a missionary to the Jews here, who however did not do very much work, thought it worth their while to have a conthought it worth their while to have a converted Jen hiers instead. As knowing the inagnage well, the Hebrew religion, the ise and out of the Jewish people, and has their manners and outcom, and above all the failings of their religion compared to the Bible, was a good idea, as he could preach the gospel in spirit and in truth and convince the Jews of their mistake sia owing to his hithesto being a tall them. Consequently they authorised the Head Man of the Joseph Mission to find a converted Jew Missionary, but as he was annals to find on in Egypt or Talestine, the converted Jew and all the Missionaries in Palestine advised him to write to London and aff for Peter I ridolph. The Head that London therefore sent in proton as I was always outside the Control of he husses resonant that he would only lead me to him during my esjonn in Jerusalem until 1 recovers the Before 1 leit London 1 from when travelling through my ditrict that a certain party had been making cequities about we, as to my bestier in about a law poor possible to the saying; Oh I don't had Mr. He Mohly's he is one of the beat workers we have ever had. I turned out that it had been the Head Mis sinancy to the Jowe who had been backing these equifies indirectly, and on my coming secretarism in the street I did not know who has sent the lotter as Land him "Why do you select me of cheers"—"Becasse I have been advised by other missionates in Egypt and Falestine to do so and I myself have watched your endoes under the poor to be the propose that the propose that have a proposed to be a sent of the proposed to the Jows who had been making paries after your rest to go to Alexandria and preach the word of dod to the saws. Now think of it and say, "Yes" I loved the people I had been working among and it was only after due consideration that I consented to after due consideration that I consented to undertake the daily. After my rest in Jeruslaem I oventually arrived in Alexadria cu the 1st April (All Fool Bay) which happened to be on an Easter Sanday. On sy arrival here upon terms incognitis, I was greatly disappointed, for there was no one there to meet me, I was alone, no friend To welcome me and in a foreign country.
